

Fond du Lac Tribal and Community College

COURSE OUTLINE

Date submitted: 11/21/07

Date approved:

Department and Course Number: PE 1083

Title of Course: Introduction to Physical Education

Number of credits: Lecture 2

Catalog/Course Description:

A study of the history, philosophies of selected leaders, and present trends in physical education. Additional emphasis will be concerned with professional preparation and problems of leadership.

Placement for Success prerequisites: (See instruction sheet)

Reading: Level 1

English/Writing:

Math:

Recommended course materials and resources, e.g. textbooks, workbooks, study guides, lab manuals, videos, guest lecturers. If applicable.

Textbook: Text is pending selection at the time course is offered.

Students are expected to attend all lectures and working sessions, participate in all activities and discussion, listen to and follow directions, complete assignments on time, and request assistance when needed. Students are expected to assist with equipment when necessary. Attendance and class participation are critical in this class.

Students will become familiar with professional journals available in the library.

Special Information:

This class is intended for students of all ages and abilities. Any individuals who have not participated in physical activities are advised to consult a physician before participating. Any history of disease or disability requiring limited participation should be reported to the instructor. Activity classes even under the safest possible conditions can be hazardous. Safety rules must be followed to minimize the risk of injury.

Relationship of proposed course to the department mission and goals:

This course develops skills necessary to evaluate a career in physical education. It meets the department mission by providing instruction in a lifetime physical activity. It meets the College Goal of wellness.

Wellness is the recognition and incorporation of healthy behaviors into one's lifestyle. The department of PE recognizes the value of participation in fitness and recreational activities as one of many important behaviors for the development of a wellness lifestyle. This course may contribute to your implementation of appropriate wellness behaviors.

Course goals:

Goal: To develop abilities (physical, cognitive, fitness, affective) necessary to evaluate a career in the field of physical education.

Goal: To acquire a positive attitude toward physical activity and the knowledge and skills to develop and maintain an appropriate fitness level.

Learning outcomes: (A minimum of one learning outcome shall be provided for each course goal)

State a minimum of two assessment instruments for each learning outcome.

Outcome: To identify and appropriately use terminology of the field of physical education.

Assessment: Written exam
