

Geography Foundations

Certificate Course Requirements

The Geography Foundations Certificate is designed to provide focus to an Associate of Arts Degree or another program of study around spatial thinking and geographic knowledge. Geography is a broad, interdisciplinary field that includes many employable skills, such as research, map reading and creation, place-based knowledge, earth systems science, cultural sensitivity, theoretical approaches to race, class, and gender, and understandings of spatial processes. Certificate coursework may transfer toward a major or minor in Geography at the Bachelor's level.

Student _____ Tech identification ID _____ Date _____

Course Number	Course Title	Credits	Semester offered	Semester completed	Grade
Required Program Courses:
