Thunder Ambassador Outline and Expectations

Goal: As Ambassadors, we strive for excellence in creating a safe, fun, and more connected college environment by initiating cohesion of all cultures, showing appreciation for all students and faculty, as well as keeping the student body informed and improving the college atmosphere.

On average, an Ambassador is expected to work 10 hours a week. This can be more or less depending on the duties an Ambassador can take on or choose to pursue and the number of credits they are taking in a semester. A Student Ambassador is a student first: your wellbeing and academic success comes before the needs of the campus from the Ambassadors.

Hours per week per activity (minimum)	Activity	Definition
1 hour	Weekly Meeting	Full group. We will meet once a week to discuss upcoming events, needs on campus, and work on teambuilding.
1 hour	Professional Development	Full group. One perk of being an Ambassador is getting professional and personal development opportunities. From time management skills to how to build a resume and much more, you will be provided opportunities to learn and grow with no cost to you! If you have specific areas of interests, please let Ariel know!
1 hour	Booth in the commons	Individual or partners. We want other students to be able to connect with you if they have concerns or questions about things on campus. One hour each week you will be asked to sit in the commons corridor at a booth. You can either create specific booth topics to inform students about things (such as a resource on campus or wellness topic), or you can inform students of upcoming events.
3 hours	Office hours/tours	Individual or partners. You will need time to work on booth materials, posters, planning/organizing/preparing for events, and brainstorming ideas for other events we could do. This time will be spent in the student union area. As an Ambassador, you will also be expected to help our Admissions office by providing tours to small groups or individuals/families.
3 hours	Food Pantry	Individual or partners. As Ambassadors, you are asked to support your peers. One way we can do this is to provide more hours to students to access the food pantry. You will be trained on how to operate the food pantry.
1 hour	Self-guided learning	Individual. Knowledge is power! Ariel will set up a classroom on D2L where you can go through self-guided learning. The learning will provide opportunities for you to explore your interests, skills, and potential careers that may suit your skills and interests. It will also help you develop skills in communication, organization, and self-reflection.
