

Assessment for Course Placement Policy

Purpose:

The purpose of the Assessment for Course Placement Policy at Fond du Lac Tribal and Community College is to ensure that students are placed in courses that match their current knowledge and skill levels. This policy aims to improve student success by using standardized assessment tools to evaluate students' readiness for college-level coursework in areas such as reading, writing, and mathematics. By accurately placing students in appropriate courses, the policy helps to enhance their academic performance, reduce the need for remedial education, and support their overall educational goals.

Based on System Policy 3.3 and 3.3.1
